<sup>†</sup> All services are subject to the Calendar Year deductible unless otherwise noted.

<sup>1</sup> Employees enrolling for individual coverage must satisfy the individual deductible. For employees enrolling with dependent coverage, the family deductible must be met before any member receives benefits. The deductible includes In-Network and Out-of-Network expenses combined.

<sup>2</sup> Limited to one exam each calendar year (age 17 and older only).

<sup>3</sup> The maximum allowed charge for non-emergency hospital services received from an Out-of-Network hospital is \$600 per day. Members are responsible for their 50% share of the coinsurance times the allowed charge up to \$600 plus all charges, if any, in excess of the \$600. Physician Services are covered separately at the coinsurance amount times the allowed charge.

Please refer to the HSA California brochure for more detailed plan benefit information.

This summary of benefits has been updated to comply with federal and state requirements, including applicable provisions of the recently enacted federal health care reform laws. As we receive additional guidance and clarification on the new health care reform laws from the U.S. Department of Health and Human Services, Department of Labor and Internal Revenue Service, we may be required to make additional changes to this summary of benefits. This summary of benefits, as updated, is subject to the approval of the California Department of Insurance and the California Department of Managed Health Care (as applicable).

Note: Kaiser Permanente and Western Health Advantage plans do not include a pre-existing condition clause.

† All services are subject to the Calendar Year deductible unless otherwise noted.

1 Employees enrolling for individual coverage must satisfy the individual deductible. For employees enrolling with dependent coverage, the family deductible must be met before any member receives benefits. For HMO 2600 & 2800B, the family deductible contains an embedded individual deductible, meaning any member of the family never satisfies more than the individual deductible.

2 The annual out-of-pocket maximum is the total amount that an individual or family pays for covered services during any calendar year. For HMO 2600 & 2800B, each family member in the Family unit must meet the Individual amount before not having to pay any more copayments or deductibles, unless the family meets the Family amount first. Please refer to the *Evidence of Coverage* for detailed information.

3 Prescription drugs are covered in accord with our formulary when prescribed by a Plan physician and obtained at Plan pharmacies. A few drugs have different copayments; please refer to the *Evidence of Coverage* for detailed information about prescription drug copayments.

4 Health Plans that provide hospital, medical or surgical coverage must provide coverage for the diagnosis and medically necessary treatment of severe mental illnesses of a person of any age, and serious emotional disturbances of a child, as specified, under the same terms and conditions applied to other medical conditions.

These benefits will include in-patient, partial hospitalization and out-patient services and prescription drugs, if the plan includes drug coverage.

The mental health benefits must be applied the same as any other medical benefit including, but not limited to, maximum lifetime benefits, copayments and individual and family deductibles.

"Severe Mental Illness" includes: schizophrenia, schizophrenic disorder, bipolar disorder (manic-depressive illness), major depressive disorders, panic disorders, obsessive-compulsive disorder, pervasive development disorder or autism, anorexia and bulimia nervosa.

Please refer to the HSA California brochure for more detailed plan benefit information.

This summary of benefits has been updated to comply with federal and state requirements, including applicable provisions of the recently enacted federal health care reform laws.
