• Within US: BlueCard Program	See Applicable Benefit Line	See Applicable Benefit Line
• Outside of US: BlueCard Worldwide	See Applicable Benefit Line	See Applicable Benefit Line
Optional Benefits	Optional dental, vision, substance abuse treatment and infertility benefits are available. If your employer purchased any of these benefits, a description of the benefit is provided separately.	

1 Deductible and copayments marked with a (1) do not accrue to calendar-year copayment maximum, except for the percentage copayment for the Outpatient Surgery in hospital/facility benefit which does accrue to the calendar-year copayment maximum. Copayments and charges for services not accruing to the member's calendar-year copayment maximum continue to be the member's responsibility after the calendar-year copayment maximum is reached. Deductible does not apply toward the calendar-year maximum. Please refer to the *Certificate of Insurance* and the group policy for exact terms and conditions of coverage.

2 Member is responsible for copayment in addition to any charges above allowable amounts. The coinsurance indicated is a percentage of allowable amounts. Preferred providers accept Blue Shield of California Life & Health Insurance Company's (Blue Shield Life) allowable amount as full payment for covered services. Non-preferred providers can charge more than these amounts. When members use non-preferred providers, they must pay the applicable copayment plus any amount that exceeds Blue Shield Life's allowable amount. Charges above the allowable amount do not count toward the calendar-year deductible or copayment maximum.

3 For subsequent physician office visits, the member is responsible for 100 percent of the Allowable Amount up to the calendar-year medical deductible for Preferred Providers or MHSA Participating Providers office visits, and for Non-Preferred Providers or MHSA Non-Participating Providers office visits the member is responsible for billed charges (charges in excess of the Allowable Amount do not count towards the calendar-year medical deductible or out-of-pocket maximum). Once the calendar-year deductible has been met, the member is responsible for 30 percent of the Allowable Amount for Preferred Providers or MHSA Participating Providers office visits up to the Calendar year out-of-pocket maximum and for Non-Preferred Providers or MHSA Non-Participating Providers office visits the member is responsible for 50% of the Allowable Amount and any charges above the Allowable Amount. After the out-of-pocket maximum has been met, Blue Shield pays for 100% of the Allowable Amount for Preferred Providers or MHSA Participating Providers and Non-Preferred Providers or MHSA Non-Participating Providers office visits (the member continues to be responsible for charges in excess of the Allowable Amount billed by Non-Preferred Providers or MHSA Non-Participating Providers).

4 Participating ambulatory surgery centers may not be available in all areas. Regardless of their availability, you can obtain outpatient surgery services from a hospital or an ambulatory surgery center affiliated with a hospital, with payment according to your health plan's hospital services benefits.

5 The maximum allowed charges for non-emergency hospital services received from a Non-Preferred Hospital are $600 per day. Members are responsible for 50% of this $600 per day, plus all charges in excess of $600.

6 Bariatric surgery is covered when pre-authorized by Blue Shield Life. However, for members residing in Imperial, Kern, Los Angeles, Orange, Riverside, San Bernardino, San Diego, Santa Barbara and Ventura Counties ("Designated Counties"), bariatric surgery services are covered only when performed at designated contracting bariatric surgery facilities and by designated contracting surgeons; coverage is not available for bariatric services from any other preferred provider and there is no coverage of bariatric services from non-preferred providers. In addition, if prior authorized by Blue Shield Life, a member in a Designated County who is required to travel more than 50 miles to a designated bariatric surgery facility will be eligible for limited reimbursement for specified travel expenses for the member and one companion. Refer to the *Certificate of Insurance* for further benefit details.

7 Services may require prior authorization by Blue Shield Life. When these services are prior authorized, members pay the preferred or participating provider level.

8 Please note that if you switch from another plan, your prescription drug deductible credit from the previous plan during the calendar year, if applicable, will not carry forward to your new plan.

This plan's prescription drug coverage is on average equivalent to or better than the standard benefit set by the federal government for Medicare Part D (also called creditable coverage). Because this plan's prescription drug coverage is creditable, you do not have to enroll in a Medicare prescription drug plan while you maintain this coverage. However, you should be aware that if you have a subsequent break in this coverage of 63 days or more anytime after you were first eligible to enroll in a Medicare prescription drug plan, you could be subject to a late enrollment penalty in addition to your Part D premium.

9 If the member requests a brand-name drug when a generic drug equivalent is available, the member is responsible for paying the difference between the cost to Blue Shield Life for the brand-name drug and its generic drug equivalent, as well as the applicable generic drug copayment. Non-formulary brand-name drugs are not covered unless prior authorization is obtained from Blue Shield Life.

10 Mental health and chemical dependency services, other than medical acute detoxification, are accessed through Blue Shield Life's Mental Health Service Administrator (MHSA) – using Blue Shield Life MHSA participating and non-participating providers. Only Blue Shield Life MHSA contracted providers are administered by the Blue Shield Life MHSA. Behavioral health services rendered by non-participating providers are administered by Blue Shield Life. Services for medical acute detoxification are accessed through Blue Shield Life using Blue Shield Life's preferred providers or non-preferred providers. For a listing of severe mental illnesses, including serious emotional disturbances of a child, and other benefit details, please refer to the *Certificate of Insurance* or the group policy.

11 All outpatient non-severe mental health, outpatient substance abuse, and chiropractic visits accrue to the calendar-year visit maximum regardless of whether the plan deductible has been met.

12 Out of network home health care, home infusion and hospice services are not covered unless pre-authorized. When these services are pre-authorized, the member pays the Preferred benefits.

13 If billed by your provider, you will also be responsible for an office visit copayment or coinsurance. In addition, the office visit will count towards the first three visits.

14 Copayment shown is for physician's services. If the procedure is performed in a facility setting (hospital or outpatient surgery center), an additional facility copayment may apply.

15 Optional inpatient substance abuse treatment benefits are available. If your employer purchased these benefits, a description of the benefit is attached hereto as "*Additional Substance Abuse Treatment Benefits*".

16 Specialty Drugs are specific Drugs used to treat complex or chronic conditions which usually require close monitoring such as multiple sclerosis, hepatitis, rheumatoid arthritis, cancers, and other conditions that are difficult to treat with traditional therapies. Specialty Drugs are listed in the Blue Shield Outpatient Drug Formulary. Specialty Drugs may be self-administered in the home by injection by the patient or family member (subcutaneously or intramuscularly), by inhalation, orally or topically. Infused or Intravenous (IV) medications are not included as Specialty Drugs. These Drugs may also require special handling, special manufacturing processes, and may have limited prescribing or limited pharmacy availability. Specialty Drugs must be considered safe for self-administration by Blue Shield's Pharmacy & Therapeutics Committee, be obtained from a Blue Shield Specialty Pharmacy and may require prior authorization for Medical Necessity by Blue Shield.

17 Participating non Hospital based ("freestanding") outpatient X-ray, pathology and laboratory facilities centers may not be available in all areas. Regardless of their availability, you can obtain outpatient X-ray, pathology and laboratory services from a hospital or an ambulatory surgery center affiliated with a hospital, with payment according to your health plan's hospital services benefits.

18 The preventive care and well-baby care office visit do not apply toward the plan deductible. Other covered non-preventive services received during or in connection with the office visit are subject to the plan deductible and the applicable copayment percentage.

Plan designs may be modified to ensure compliance with state and federal requirements.

†Pending regulatory approval.
